

# MD MEHEDI HASAN

## Frontend Web Developer

contact.mehedihsajib@gmail.com | +8801777 090833

### INTERNSHIP

- ❖ **Frontend Web Developer(Remote) | Modina Theme** *(July 2021 - Sept 2021)*
  - Converted two PSD to HTML (more than 25 pages).
  - Pixel perfect and fully responsive conversion.
  - Reusable, clean, well commented and W3C validated code.
  - Themeforest standard code, file and folder structure.

### PROJECTS

- ❖ **Logio**

Logio is a transportation company website. It has around 20 pages. I've converted all the PSD to pixel perfect HTML with themeforest standard.

Technologies used: SASS, Bootstrap, jQuery.
- ❖ **Build Pro**

It is a construction company website. Build pro has 3 pages. I converted them into html with clean and W3C validated code.

Technologies used: SASS, Bootstrap, jQuery.
- ❖ **Get Weather**

Through this app you can get a weather report by searching the city name from all over the world. According to weather conditions, the weather icon and image will be changed automatically.

Technologies used: React, Openweather API, Axios.
- ❖ **Quote Generator**

This is a very basic quote generator that generates famous quotes randomly from a third party API called forismatic. And also you can share the quote to your twitter profile.

Technologies used: React, Forismatic API, Axios.

### EDUCATION

- ❖ Science at Basail Govinda Govt High School *(GPA: 4.83)*
- ❖ Computer Technology at Moulvibazar Polytechnic Institute *(CGPA: Not published yet)*

### SKILLS

- ❖ **Good at**
  - Language: Javascript, C++
  - Web: HTML, CSS, SASS, Bootstrap, jQuery Plugins
  - Design Tool: Photoshop, Adobe XD, Figma
  - Version Control: Git/Github
- ❖ **Comfortable with**
  - React JS, Wordpress Customization
